

APS Forestry team supports firefighting efforts near Crown King

June 30, 2008

A fire in the Horsethief Basin area near Crown King was reported Saturday, June 28.

As of this morning, the Lane 2 fire is zero percent contained and threatening homes in the Horsethief Basin recreation area and Crown King. A voluntary evacuation is in effect for Crown King.

The APS distribution lines in the area have been de-energized for safety reasons.

APS Forestry and Special Program personnel are working with the incident management team, which is operating out of Mayer High School.
